

## Skilled CNC Machinists

### Nights or Weekends

**Salary circa £30-36,000 – pay award pending in April**

**Nights +33% shift premium. Weekends +25% shift premium**

Norbar Torque Tools Ltd., the world leading torque tool manufacturer has permanent shift opportunities in our Special Products division.

You will be part of a team of nine skilled machinists manufacturing low volume bespoke items for petrochemical, power generation and aerospace clients in a variety of materials. The department has modern multi-axis machining centres as well as wire and spark erosion machines. You will have CMM and other verification equipment available to you to assist in producing conforming product.

You will work with in-house design and production engineers to optimise component design and production processes as part of our continuous improvement activities.

Training will be given on our specific machines but an existing experience of setting and running modern CNC machines is essential. Ideally you will have ONC or City and Guilds NVQ level 2 or 3.

Nightshift comprises 38½ hours Monday to Thursday nights inclusive. Weekend day shift comprises 36 hours Friday to Sunday inclusive.

As well as the opportunity to work in our new, modern workshop conveniently located at J11 of the M40, Norbar also offer a non-guaranteed profit related bonus, contributory pension scheme and life assurance, an award winning restaurant plus other lifestyle benefits.

Closing date for applications: Tuesday 21 February 2017

For an application form please contact Beverley Fuller, Human Resources Assistant, Norbar Torque Tools Ltd, Wildmere Road, Banbury, Oxfordshire OX16 3JU, Telephone 01295 753644.
