

ENGINEER TO ORDER

SPECIAL PROJECT INFORMATION SHEET

Project Description	Special stainless steel torque reaction to fit HT-52/22		
Date created	6 October 2014	Project Number	Q2692

INTRODUCTION & APPLICATION

Marine application requiring operation of a mechanism at up to 1,000 N.m of torque in a confined space.

SOLUTION

Handtorque HT-52/22 fitted with a special stainless steel reaction plate to suit the mechanism mountings.

TECHNICAL SPECIFICATION / DATA HIGHLIGHTS

Compact 22:1 torque multiplier with Ø52mm body and 1,000 N.m torque capability.
Torque reaction machined from 316 grade stainless steel for high corrosion resistance.
