

# ENGINEER TO ORDER

## SPECIAL PROJECT INFORMATION SHEET

Project Description	Reaction Weld Rings for PT / PTM-72 & PTM-52		
Date created	6 July 2010	Project Number	Q1901 + Q1992

### INTRODUCTION & APPLICATION

Adaptors required to simplify the creation of custom torque reaction arms for Pneutorque PT / PTM tools.

### SOLUTION

Reaction weld rings having internal form and thickness to suit the standard tool torque reaction mounting. The ring material is suitable for welding to steel reaction arms.

### TECHNICAL SPECIFICATION / DATA HIGHLIGHTS

PT / PTM 72 Weld ring reference Q1901.

PTM 52 Weld ring reference Q1992.

Other size weld rings can be quoted against requirements.

Welding and application instructions / guidelines are supplied with the weld ring.
