

Temporary Torque Wrench Assembler Testers – Nights

Norbar Torque Tools Ltd., the world leading torque tool manufacturer is looking for a number of suitable temporary staff to work in Torque Wrench Assembly for a minimum of 6 months.

Duties will include assembling a range of torque wrenches and sub assemblies to a high standard using light machinery and tools and calibrating each one using computer based test equipment. You will also be required to laser mark product and pack wrenches with certificates and instructions for customers.

You will be able to demonstrate previous experience on a production line, where working at speed to meet daily output is required identifying any quality issues with small components or processes. You will be a highly motivated individual who has the ability to work both within a team and on an individual basis.

In return for a 38½ hour week we can offer a starting hourly rate of £10.82 plus night shift premium.

Norbar also offers a non-guaranteed profit related bonus, contributory pension scheme, life assurance, an award winning restaurant plus other lifestyle benefits.

Closing date for applications: Friday 14 May 2021
