

# NORBAR TORQUE TOOLS LTD

## JOB DESCRIPTION

JOB TITLE: PRODUCTION OPERATIVE GRADE 1

RESPONSIBLE TO: MANUFACTURING MANAGER

REPORTS TO: SHIFT SUPERVISOR/CELL LEADER

OVERALL PURPOSE OF THE JOB: To carry out processes as required in various production cells using a range of machinery and use inspection equipment provided to maintain the quality of product to the correct standard.

### KEY TASKS:

1. Operate the robotic welder and associated equipment in order to produce the required components to the correct standard.
2. Responsible for maintaining data accuracy throughout all aspects of the role, reporting all errors using the correct procedure.
3. Working with other personnel within the manufacturing and production areas. Operate a wide range of machine tools and production equipment to produce the required components to the correct standard.
4. Set and operate a wide range of machine tools and production equipment in other production cells to produce the required components to the correct standard.
5. To ensure all works orders and Kanban requirements are met by the necessary date (informing the Cell Leader if not achievable).
6. To liaise with Quality Control over all quality issues.
7. To ensure continued maintenance of standards during batch work (both accuracy and surface finish).
8. Carry out necessary day to day routine maintenance.
9. To ensure that safe working practices are adhered to and that a clean and tidy area is maintained.
10. To perform any other tasks as required by the Shift supervisor/Cell Leader/Manufacturing Manager.
