SPECIAL PROJECT INFORMATION SHEET

Project Description	Nose Extensions for PTM-92		
Date created	7 November 2011	Project Number	Q2227

INTRODUCTION & APPLICATION

Nose extensions with integral paddle type torque reaction required to fit Pneutorque PTM-92.

SOLUTION

Nose extensions to fit Pneutorque PTM-92 with 6", 9", 12", 18" & 24" extension shafts.

Pneutorque PTM-92 fitted with 12" nose extension # Q2227.012 (12")

TECHNICAL SPECIFICATION / DATA HIGHLIGHTS

The nose extensions are to fit new tools or tools manufactured after September 2009 with the latest retaining groove / clip arrangement.

The extension lengths listed above are the male to female drive shaft length. The actual effective extension length is less the drive square length i.e. as follows: -

Part #	Extension shaft length	Effective extension length (in / mm)
Q2227.006	6"	4.96" / 126.0mm
Q2227.009	9"	7.96" / 202.2mm
Q2227.012	12"	10.96" / 278.4mm
Q2227.018	18"	16.96" / 430.8mm
Q2227.024	24"	22.96" / 583.2mm
